RE: River Campus Contractor Parking Policy - Academic Year 2016-17

DATE: August 22, 2016

Please let me reiterate the parking policy for contractors engaged in work on the River Campus. These rules should be enforced in all situations. Contractors who do not adhere to these policies will be dealt with through regular parking enforcement, Project Managers at Campus Planning, Design, and Contract Management (CPDCM), and UF&S Administration. Failure to comply may result in the contractor or employee being banned from the campus.

1. **Vehicles:** All contractor vehicles that park in River Campus system parking spaces must have a valid parking permit.
2. **Location:** Due to the large number of projects ongoing, contractors can be assigned to the following parking areas during enforcement times (7:30 a.m. to 7:00 p.m., Monday through Friday) –
 - a. Zone 3 North
 - b. Rink Lot
 - c. Brooks CrossingExceptions to these locations will be dealt with on a case-by-case basis.
3. **Parking Fees:** Contractor Temporary Permits fees are –
 - a. Daily - \$5.00 (at Info Booth on Wilson Boulevard only)
 - b. 7-Day - \$11.00 (at Parking Management Center only)
 - c. Monthly - \$44.00 (at Parking Management Center only)
4. **Parking within Construction Fencing:** Contractor parking within construction fencing is limited to construction vehicles. Personal contractor cars or trucks will not be allowed.
5. **Enforcement:** Vehicles parking in violation of University Parking Rules and Regulations will be cited immediately. Vehicle owners will be responsible for payment of citations. After three citations, the vehicle will be immobilized. Violations, including but not limited to parking on the grass or sidewalks, fire lanes, traffic lanes, disability parking spaces, and/or reserved parking spaces, will not be tolerated. Should contractor employees become belligerent, please contact Parking Supervisors or Managers, the Project Manager at CPDCM and/or Department of Public Safety immediately.
